PROFESSIONAL EXPERIENCE:

SAP SD Functional Consultant

DOZCO India Pvt. Ltd. | Automobile & Manufacturing | Mar 2026 – Present

- Working as an SAP SD Functional Consultant, performing enhancement and production support activities in SAP S/4HANA for Automobile & Manufacturing business processes.
- Implemented validation to make Ship-to Party Name and Mobile Number mandatory for Cash Sales document types using custom header fields.
- Developed plant-wise invoice number range enhancement based on Financial Year and Plant Code through custom enhancement.
- Implemented automatic determination of Bank Account details in Sales Orders and Quotations based on Plant using custom table maintenance (TMG), including separate logic for Export business.
- Implemented conditional email notification with Smart Form PDF attachments for the Service team (CRM) based on External Material Group, including cancellation invoices and intra-state stock transfer scenarios.
- Developed a User-wise Maximum Discount Restriction solution by creating a custom transaction to maintain user-specific discount limits and validate them during Sales Order processing.
- Configured Pricing Procedures including new Condition Types, Access Sequences, Condition Tables, Exchange Rate settings, and custom TCS Tax routines.
- Supported production issues, change requests, business enhancements, root cause analysis, documentation, and KT for end users while ensuring timely delivery and business continuity.

SAP SD / LE Consultant

Soft Talent Software Technologies | Feb 2025 – Feb 2026

Client: ITC Limited – ABD (Support & Maintenance)

- Managed 20+ SD and LE incidents weekly with ~95% SLA compliance.
- Handled pricing, billing, delivery, credit block, and shipment-related issues.
- Implemented end-to-end SAP Excise Duty solution for Unmanufactured Tobacco
- Implemented change requests, including pricing routines, user exits, and enhancements.
- Played a key role in credit management enhancements aligned with Agri credit policy (Domestic Insurance, BG, LC, Advance Payments).
- Implemented GSTN validation controls at the billing level.
- Worked extensively on SAP SD EDI/IDoc processing for outbound and inbound interfaces related to Sales Orders, Deliveries, Shipments, and Billing documents.

- Prepared Functional Specifications and coordinated with ABAP teams for RICEFW objects.
- Conducted SIT, regression testing, and UAT support.
- Performed DR server testing and documentation biannually.

Client: ITC Limited – IIVL & Technico (Implementation & Support)

- Participated in business requirement workshops and TO-BE process design.
- Configured sales document types, item categories, copy controls, and output determination.
- Implemented special sales processes, proforma invoicing, returns, and debit/credit memos.
- Configured LE shipment processes, including shipment and shipment cost documents.
- Created SQVI reports and supported role-based access restrictions.
- Prepared UAT user manuals and supported end-user training.

SAP SD Consultant

Ascend Avenue Solutions | Jan 2023 – Oct 2024

Client: Hawle Austria (Support & Maintenance)

- Configured enterprise structure and pricing procedures.
- Enhanced sales order processing workflows, reducing order processing time by ~25%.
- Managed sales contracts, including creation, monitoring, and compliance.
- Configured VKOA Account Determination for Export business scenarios and supported year-end number range activities.
- Performed Smart Form enhancements and Terms & Conditions modifications across multiple company codes based on business requirements.
- Provided daily production support and resolved SD-related tickets.
- Coordinated with business users and technical teams to resolve issues.
- Supported RICEF developments and performed Functional Unit Testing (FUT).

SAP SD Consultant

Tata Consultancy Services (TCS) | Jan 2021 – Dec 2022

Client: Carrier (Support | SAP S/4HANA)

- Resolved 20–30 SD tickets monthly within SLA timelines.
- Supported Order-to-Cash processes and cross-module integrations.
- Configured pricing elements, including condition tables, access sequences, and condition types.
- Supported RICEF-related issues and change requests.
- Participated in testing of system upgrades and enhancements.

EDUCATION:

Bachelor of Technology (B. Tech) – 8.26 CGPA, Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology 2016 – 2020

CERTIFICATIONS & TRAINING:

- Microsoft Excel Certification – Coursera
- RISE with SAP Methodology for SAP Partners and Customers.
- Introducing SAP Joule for Consultants
- Exploring SAP S/4HANA Cloud Public Edition – Transportation Management
- Continuous learning in SAP SD, GST compliance, LE-TRA, and S/4HANA best practices

---

KEY ACHIEVEMENTS:

- Supported multi-entity SAP landscape for ITC subsidiaries (ABD, IIVL, Technico).
- Implemented enhanced credit management solutions aligned with business policies.
- Improved shipment cost accuracy through LE-TRA pricing configuration.
- Reduced billing and GST errors through validation controls.
- Automated end-to-end shipment cost processing in LE-TRA by scheduling background jobs for shipment cost calculation (VI04) and cost transfer (VI11), enabling automatic service PO creation, service entry sheet posting, and service GRN processing, thereby reducing manual effort, avoiding duplicate postings, and improving financial posting accuracy.
- Led end-to-end SAP Excise Duty implementation for Unmanufactured Tobacco, ensuring compliant J1IIN excise invoicing with accurate BED calculation through optimized pricing and excise determination.
- Warehousing Receipt Financing (Bill and Hold).
    1. 7 lakh MT sales booked in 7 days.
    2. Configured a new contract & sales order type, a new pricing procedure, 10 manual condition types (Discounts & Surcharges), and created non-valuated inventory after PGI is done.
